

# Welcome to Madrid

**Considered one of the best business hotels in the capital, InterContinental Hotel Madrid offers all the exclusive services you would expect in a luxury hotel catering for business travellers. However, its prime location, close to the main museums and the Santiago Bernabéu stadium, also makes the hotel an excellent choice for people wanting to enjoy Madrid's culture and entertainment scene.**

The hotel was built in the mid-20th century on the site of a 18th century mansion on Paseo de la Castellana, and has always been inspired by Madrid's exquisite artistic tradition. Over the years it has embraced new technologies, specialising in business clients, for whom the luxurious Club InterContinental floor has been added, as well as 17 sunlit meeting rooms.

Gastronomy is another one of the hotel's strong points. InterContinental's Bar 49 is a great place for people looking for an informal atmosphere where they can enjoy cocktails and light tapas. For those looking to eat à la carte, El Jardín del InterContinental restaurant, under the management of Chef José Luque, offers a carefully selected menu that can also be enjoyed at the open-air terrace in summer. Their Sunday brunch, with more than 200 specials, is a true banquet for gourmets and families alike.
