

# Welcome to Madrid

**Only You Boutique Hotel Madrid is a surprising combination of a boutique hotel and the current trend of lifestyle establishments. Located in an historical 19th-century palace right in the heart of Madrid, it has 70 rooms - each with its own personality. The lounge is the hotel's main stage - a lively area where cocktails, innovative gastronomy and music create a unique atmosphere that evolves as the day goes on, adapting to each moment.**

Its contemporary, elegant and comfortable style provides a surprising combination of colonial shades with a Mediterranean touch. This amazing fusion was achieved thanks to little details in its interior design - taken care of by the Lázaro Rosa Violán design studio - which bring Madrid's cosmopolitan spirit to the building. All the little corners and details have been carefully planned to help you rest, enjoy, and get to know and feel the city in a special and different way. A little detail worth highlighting is that you can have breakfast at any time of day.

Culinary offerings include the YOUUnique Restaurant, with a menu designed by chef Carlos Martín, who trained in prestigious restaurants such as El Celler de Can Roca and Mugaritz; the El Padrino bar, located on the ground level in a former bookshop, where culture is united with gastronomy; and the YOUUnique Lounge, a vibrant space whose cocktails, innovative gastronomy and music create a unique atmosphere that changes over the course of the day to suit each specific moment.
