

San Mateo Circus

Located in the establishment that used to be the legendary San Mateo Seis, this leisure space offers a different and surprising atmosphere, in which you can savour long drinks and cocktails and where there is room for today's leading musical tendencies.

The decoration is similar to a 1940s circus ring, with various tables and armchairs, with a long bar presiding over them.

Gastronomy also plays an important role, with the collaboration of some of today's leading figures, with dishes to share.
