

Larios Café

Located right in the heart of Madrid, Larios Café covers an area of 800 square metres, spread over two floors, and divided into three areas: restaurant, cocktail bar, and nightclub.

This venue, which was refurbished in 2017, is a designer multi-purpose space where you can enjoy dinner and dance the night away into the early hours. The restaurant offers signature cuisine, which is Mediterranean with international influences, with an average price of €35 per person.

The cocktail bar offers a wide variety of drinks, with live performances on Thursdays, Fridays, and Saturdays.

The lower floor is home to the nightclub, playing the best commercial music on Fridays and Saturdays: Spanish, British and American pop, Latino music, funk, R&B, house... courtesy of DJs Javier Molero and Lulian Drei.
