

Welcome to Madrid

Serrano 41 still is, after many years of history, one of the most elegant and exotic night-time meeting points in the city. It is frequented both by the chic people in the Salamanca neighbourhood as well as celebrities and athletes, and by people from other parts of town who are looking for a nightclub with character.

The space is divided into three well-defined spaces: the lower ground, the basement of the building, is the main dance floor and featuring a sober and industrial decor. The first floor is decorated with modern white chairs and is the chill out area, where one can have a drink in a quiet environment. And the newest area is the terrace, with a garden and conditioned to be enjoyed both in the summer and in the winter months.

The music is quite varied and changes according to the time of night or the day of the week. On Sundays, they host Funk Kombat session, the most important funky and hip hop session in Madrid since 9 years ago.
