

## Berlín Cabaret

It still maintains the mystery and the exotic feel of the cabarets from the 1930's, and its curtains and red velvet fabrics contribute to creating the right atmosphere for the shows taking place in its interior. Considered one of the best venues in Europe thanks to the quality of its facilities, it guarantees a good time every night.

Monday through Thursday it features a cabaret-show and on weekends it opens as a bar. Furthermore, they host all sorts of parties, such as Halloween and Carnival, decorating the space accordingly and in an original fashion. It is not unusual to see everything from drag-queens to a casual young crowd or executives wearing suits and ties. Its shows encourage the audience to participate without shame, bringing them up on stage.
