

Fortuny (The Club)

Fortuny is one of the most glamorous nightclubs in the city. Located in a former Neo-classical palace in the Chamberí neighbourhood, it is often frequented by actors and celebrities of both the national and international scene. This three-storey building features a garden, a restaurant and a magnificent terrace which every night fills up with a select 25-40-year-old clientele.

Its interior, by prestigious interior designer Agustín Granel, is very much in line with the luxurious and elegant façade.
