

Welcome to Madrid

Very close to the Plaza del Dos de Mayo, in the heart of Malasaña, this classic café is a perfect place to meet with friends while enjoying one of its many coffees, teas or cocktails.

Its interior transports the visitor to the past, thanks to its decoration, where old photos proliferate on its walls, marble tables and a dim lighting. In addition, they have board games.

The menu consists of a wide variety of coffees, teas, combined dishes, homemade cakes, natural smoothies and ice creams.
