

# Welcome to Madrid

The complete Japanese experience with an extensive menu and high quality. A good tip is to sit on the private tatamis as they are more comfortable, with their typical sliding doors and space for groups of between 4 and 10 people. There are two styles, traditional flat tatamis where you sit on the floor and tatamis with "holes" for the legs, which mean you are in a sitting position, like in chair. The sushi and tempura are excellent and the portions are very generous. They are also a great price.
