

Welcome to Madrid

Brought to you by the Tragaluz group, this modern brasserie on Paseo de la Castellana features grilled meat, fish and rice dishes together with a wide range of dishes for sharing and side dishes. Also on Thursdays, Fridays and Saturdays you can have a drink while you enjoy live music.

The restaurant is a multi-faceted 400 m2 space where they serve everything from breakfast to night caps. It is decorated with 50s home furniture and a mix of warm materials like wood and textiles that give it a young vibe.

The menu includes snacks, meats, fish, rice dishes, salads and plates with oysters, crabs and ceviche.
