

Welcome to Madrid

Initially conceived as a bullring, is located in the Vista Alegre neighborhood, in Carabanchel. It is a covered and air conditioned construction and can hold up to 15,000 people. As well as its original bullring function, the facility regularly holds music and sporting events.

This former palace is prepared to hold a wide range of events not only due to its spatial, operative and logistical capacity, but also to the years of experience acquired since its inauguration.
