

## Generación X (Carranza)

**With several stores in Madrid, this comic book chain offers the usual fare, not only comics and books, but also all kinds of merchandise.**

In addition to its wide range of fantasy, horror, and Sci-Fi novels, it has a large selection of role-playing games, board games (in Spanish and imported), action figures, warhammer, magic, mage knight, merchandising, all the latest in European, manga and American comics, preview orders, collectable cards, mechwarrrior, star wars miniatures, etc.

There is also a very special section dedicated to HeroClix and the spectacular Rackham wargame “Confrontation”. As in all Generación X stores, there are large tables to play cards, role-playing games, wargames, etc. They organise matches, tournaments, and all kinds of activities, so that when you cross the threshold it’s not only to buy, but also to participate.
