

Welcome to Madrid

This shop--the firm's most important store in Madrid--measuring more than 2,000 m² and distributed over five stories, is home to all of the product lines produced by this designer's brand.

The space is also the headquarters of the Adolfo Domínguez Cultural Foundation, which organises exhibitions at Exit Art Gallery, also located in the building, and all types of events. Some of them take place in the modern café on the top floor.

Adolfo Domínguez is a benchmark in the world of fashion, both for men and women, but also in the world of accessories: handbags, shoes, scarves and jewellery. His shops worldwide give testimony to how his very recognisable designs hit the mark: sober, elegant, but always informal, comfortable and very apt to an urban setting.

The designer presents his collections every year and always has an impact. His philosophy is "become who you are", a lifestyle that he applies to his clothes, in which he uses natural materials.
