

Welcome to Madrid

Each year, the ARCOmadrid International Contemporary Art Fair shows its impetus and boldness when it comes to following the latest trends in contemporary art. It is one of the most important events worldwide with the most innovative creators and prestigious experts from the sector, which celebrates its 40th anniversary.

Selected artists and galleries will take part in the fair through seminars which include presentations, debates and conferences. The presence of national and international galleries is one of the most appealing incentives.

The usual sections will be present: **General Programme**, made up of galleries selected by the Committee, the **Dialogues**, programme, one of the three ARCOmadrid research spaces; and the **Opening** section, focusing on galleries in business for seven years at the most.

Other interesting spaces are: **ArtsLibris** contemporary publishing fair; **Cultural Spaces** with contents from some of the leading art centres in Spain; **Gastronomy and Rest Areas** and **Sponsors Spaces** with special contents created for their presentation at ARCOmadrid.
