

Welcome to Madrid

2020 Edition canceled

The race, included in the official calendar of the member races of the AIMS (Association of International Marathons and Distance Races), that features the IAAF Silver Label in 2019, goes through the northern part of Madrid. In 2018, it changed its route and now the start is at Paseo del Prado (close to Palacio de Cibeles), goes to Cuatro Torres Business Area and continues maintaining the old route almost until the end, changing the finish line from Parque de El Retiro for the Paseo del Prado in front of the Royal Botanical Gardens, eliminating the feared Alfonso XII uphill run.

For those interested in a shorter run, the **Carrera ProFuturo**, a 5 km race will also be held.
