

Estampa Contemporary Art Fair 2019

***Estampa Contemporary Art Fair* offers a programme based on contemporary art and collecting, with the presence of national and international galleries, as well as diverse forums, debates and parallel activities. This latest edition, co-organised by IFEMA, seeks to position itself as the important autumn event in the art world, whereby it is a showcase for galleries and collectors.**

Estampa is a contemporary art fair that brings together over 75 Spanish and international galleries and is a European reference within the publishing and multiple works sector, promoting Spanish galleries and public and private collecting of contemporary art. It will have five institutional projects with around a thousand artists included in the general programme and in the curatorial programme, *Contraindicaciones*, in the *Solo Projects* section and the institutional programme.

The prizes for acquisition and artistic residences that are awarded at Estampa stand out for their number and relief. Like in previous editions, the DKV Collection award-acquisition, the Community of Madrid/Estampa Prize, the Estampa Residence/Casa Velázquez grant, the Navacerrada Collection, Campocerrado Collection, Kells Collection, Jiménez Rivero Collection purchasing award and the prize for the Best Stand ESTAMPA will all be awarded.
