

Motor Market

Fashion, décor, music, gastronomy?... A former railway station host the second weekend of every month, except August, the engine market with anything you can imagine.

Anyone who is interested in setting up a stall can do so at the Motor Market. The assortment of products you can buy in this colourful flea market is huge: second-hand clothes, creatively designed or retro furniture, vinyl records and refurbished bikes. And to regain strength after shopping, you can eat and drink. The Motor Market is great for a family day out, as it has activities for children as well.
