

Welcome to Madrid

It all began in a small jewellery shop that Salvador Tous (grandfather) ran in Manresa in the 1920s. From there, the family's history is closely linked to that of the company, including the projects, dreams and hopes.

Its jewellery, inspired by the bear, seeks originality and tenderness, without forgetting comfort and practicality. It is easy to wear on any occasion or simple in daily life.

It works with materials such as gold, silver, steel and even diamonds. It also creates special collections and limited editions, as well as signature jewellery. Its catalogue offers a wide range of products: rings, bracelets, necklaces, watches.

The brand has diversified and the Tous bear can also be seen in other accessories, such as bags, glasses, household accessories or fragrances.
