

# Welcome to Madrid

This cocktail bar, located in Cuzco, just a stone's throw away from the Paseo de la Castellana, has an original drinks list that shows the different combinations of its 33 gins and 11 tonics, in the form of a Periodic Table.

La Villana is an elegant and cosy establishment with an industrial yet classical decor with its high leather armchairs and sofas, perfect for relaxing after a day's work. Its range of premium spirits includes the select Vodka Svedka, the exquisite Cartavio Rum and, of course, the Peruvian Demonio de los Andes Pisco, among others.
