

El jardín secreto

Carefully decorated and full of finishing touches, this cafeteria is a classic in the Conde Duque area, particularly when it comes to savouring one of their delicious afternoon teas or having an evening drink.

El Jardín Secreto is an establishment filled with charm and finishing touches on every table, giving each corner a different atmosphere. A multitude of coffees from all over the world, infusions, natural milkshakes and all types of chocolate, from chocolate with rose petals to chocolate with violet flower ice-cream stand out on its menu. Those with a sweet tooth can also enjoy a wide selection of cakes, among which Death by Chocolate stands out.

On the other hand, when night falls, this establishment becomes a restaurant where you can grab something to eat and end the evening with one of its wide variety of cocktails.
