

Welcome to Madrid

Madrid's alternative theatre scene also includes the Sala Lola Membrives located within the Teatro Lara, which offers various spaces dedicated to the proposals of emerging theatre talents and the most ground-breaking initiatives offered by all kinds of companies.

The emblematic theatre in the district of Malasaña has turned several areas, from a small room on the ground floor to its main lobby, into stages that every day put on different productions, making this institution a true home for theatre creation.

With a seating capacity of 120, Sala Lola Membrives is named after the famous actress, an icon of the Teatro Lara for decades.

The main auditorium in the Teatro Lara is called the Sala Cándido Lara, with a seating capacity of 464, in tribute to Don Cándido Lara, founder of the Teatro Lara.
