

The Primitives

***The Primitives*, the new show by Yllana and Primita Bros, is a side-splitting comedy with a cappella music.**

Joe O'Curneen, from stage humour masters Yllana, is the director of this exhilarating show, featuring the voices of the most subversive quartet you can come across in Spain. Their sardonic lyrics are enhanced by the absurd sketches bearing the hallmark of Yllana.

Established by Santi Ibarretxe in 2010, Primita Bros are a popular comedy troupe. Their stimulating shows include *El experimento* and *Hijos de la Gran Fusa*.
