

Welcome to Madrid

The Puxa Gallery, in the district of Las Salesas, is a modern art gallery, offering a glimpse into its participation in international art fairs and its firm commitment to supporting emerging artists.

At the helm of this space are Nuria Misert, former director of the Galería Marlborough Madrid, and Ángel Antonio Rodríguez, journalist and art critic. Ardent defenders of freedom from indoctrination, in favour of permanent debate, they seek to disseminate the work of new artists whilst promoting their dialogue with emblematic authors from other generations.
