

Welcome to Madrid

This bar is located in the area popularly known as Little Chueca, around Calles Paloma and Calatrava, and although it is not an ambience bar, it does have mainly gay clients in addition to many locals and all types of clientele.

La Sixta is decorated between kitsch and informal and combines today's pop music and the greatest hits of all time. Like other bars in the area, such as El Atril and La Perla, Sunday afternoon is its big day, with reasonably priced long drinks, a dance atmosphere and a lot of fun.
