

Medias Puri – The Secret

The Medias Puri – The Secret disco hides under the appearance of a typical neighbourhood haberdashery as if it were a clandestine club, which promises to offer one of the most spectacular leisure activities on the Madrid night scene, made up of cocktails, shows, gastronomy and a lot of fun.

With a capacity for 1,000 people, the establishment, which is located in the basement of the New Apolo Theatre, has three dance floors: the Central Room with live shows (transgressive performances that take the spectator to Dante's Inferno), electronic music, dance and Rock & Roll; the Black Room with Soul, funky and R&B; and the Apotheke, a room with 1980s disco music, signature cocktails and a night-time restaurant with gourmet culinary proposals.

Medias Puri-The Secret arises from the producer of THE HOLE saga.
