

Welcome to Madrid

This new shopping centre is the first Outlet in the Community of Madrid that can be reached by metro, more specifically on Line 11. Located in the Fortuna neighbourhood of Leganés, next to the M-40, it has 130 shops and 2,300 parking spaces.

Divided into three large floors with minimalist decoration in which the clarity of the materials predominates, the best offers in outlet fashion, beauty, food, catering and leisure can be found.

The centre has 12 cinemas with state of the art technology in terms of image and the largest Wind Tunnel in Europe. It also incorporates an innovative leisure proposal for all ages, the Urban Planet Jump, a spacious area of 1000 m² made up of trampolines in which gravity can be defied, along with many other activities.
