

Welcome to Madrid

2020 Edition canceled

After the great success of the previous editions, *Brunch in the park*, is back to fill your Sundays with some of the best names of the electronic music scene and with numerous activities like food trucks or family-friendly activities.

Brunch in the park festival returns to the Enrique Tierno Galván for the fifth edition after the great turnout and raving reviews of the last season.

Brunch in the park also offers a whole host of outdoor leisure activities to kick back and relax between sessions. There is also a programme of activities for the little ones, called *Petit Brunch*, running between 1pm and 7pm, at the Enrique Tierno Galvan Park, with trampolines, table football and ball sports, while DJs max out their mixing desks.
