

Piano Bar Elite

From lyric song or zarzuela operetta to jazz, as well as easy listening and classic tunes, music lovers can enjoy a pleasant evening here listening to performances by a wide variety of artists and musicians while they dine or enjoy a drink. They can even emulate their idols in the karaoke area.

In the heart of Madrid's Salamanca district we find this piano bar, which is divided into two floors with different areas, each seating 50 people: on the upper floor you find the karaoke area, with a cocktail bar and a café for light bites; and on the lower floor the restaurant offers diners live piano music, accompanied by artists from different musical styles.

The culinary offerings of Elite include simple dishes, made using premium seasonal ingredients, such as duck foie gras with fig jam, baked wild salmon with tartar sauce, and sirloin steak.
