

Welcome to Madrid

This authentic sake bar, which is the first to be opened in Madrid and in Spain, is located between Chueca and Salesas, where you can have a genuine Japanese experience thanks to the more than 60 varieties of sake (known as rice wine) which are served and prepared in the most prestigious wineries of Japan, such as Kubota, Yaekagi, Ozeki or Nanbubijin.

The establishment is decorated in a minimalist style with numerous bottles of sake and traditional barrels, creating a traditional yet contemporary atmosphere. It has a sushi bar at the entrance for lunchtime and dinners.

In addition to sake, its menu includes Japanese tapas, such as sardines in olive oil with grated radish, algae cooked in soya sauce and vegetables, tuna in sesame oil and soya sauce or Japanese wagyu meat cooked in sauce, among others. Different cocktails can also be savoured.

Shuwa Shuwa also organises sake tasting sessions.
