

# Welcome to Madrid

**Parque Europa is the largest park and recreation area in Torrejón de Ardoz. Covering an area of 233,000 square metres, it has replicas of the most emblematic monuments from Europe's major cities, as well as different leisure and multi-adventure areas, in addition to a cybernetic fountain, which puts on an incredible water, light and sound show. Free entry.**

The park is home to replicas of 17 European monuments in addition to a fragment of the Berlin Wall, donated free of charge by Berlin City Hall. Alongside each of these replicas, there is a descriptive panel with references to the original monument. They include the Brandenburg Gate, the Greek Theatre, the Belem Tower, the Trevi Fountain, the Eiffel Tower, and Tower Bridge.

There are also picnic areas, restaurants, and various activities for the whole family, such as a zip wire, a boating lake, archery, trampolines, pony rides, and a laser tag maze, among other things.
