

Welcome to Madrid

Situated at the famous Barrio de las Letras, this chocolate shop has been offering, since 2003, artisan chocolate made daily, delicious churros and porras in a cozy and warm atmosphere.

The shop's interior has a simple decoration with several marble-topped tables and a bar and its exterior terrace welcomes you to sample a large variety of breakfasts and snacks, different kinds of coffees, teas and chocolates and some savory snacks like sandwiches and toasts. There is also a daily set menu, even on weekends.
