

Puy du Fou España

Created in France, Puy du Fou is a new generation of theme park that represents History through spectacular and very moving shows, garnering numerous awards in Europe and the United States. In August 2019, Puy du Fou opens its doors in Toledo to take you on a spectacular journey through the history of Spain.

Starting on 30 August, throughout the months of September and October, the show entitled “El Sueño de Toledo” (The Dream of Toledo) will take spectators on a one-hour journey through history, from the Reign of Ricaredo, in the 6th century, to the arrival of the railway, by way of the battle of Navas de Tolosa and the discovery of America. 1500 years of history represented by 185 actors and some incredible special effects.

In 2021, Puy du Fou España will have four daytime shows, three period towns, artisan workshops, more than 300 animals and more than 30 hectares of nature, as well as several restaurant areas. The shows will have simultaneous translations in English and French through a free smartphone app for the park. The entire complex will offer free Wi-Fi.
