

Welcome to Madrid

This new headquarters of La Neomudéjar Museum is located in the former Fuencarral army barracks. It is a "city of art" that hosts all kinds of artists, gallerists, associations, curators and museums, who seek to create a space for reflection and is committed to the new voices of art.

The centre is home to the permanent collection of the La Neomudéjar C.A.V. Museum, located in a hall occupying 4,000 square metres on the second floor of the building. This collection consists of works by artists like Rafael Peñalver, Paz Muro, Antonio Alvarado, Mahé Boissel, Jacqueline Bonacic-Doric, Orest Antoshkiv, Ana Dévora, Ze Carrión, Marc Janus, Jimena Aragonés, Johana Kirby, Fardou Keuning or Guy Deuning, among many others.

It is also home to a citadel of artists with the studios of self-managed artists, an Associations Lab, which boasts its own work spaces, and a specific hall to develop their activities, such as conferences, exhibitions, workshops or debates.

It also has independent spaces for galleries that wish to develop their own exhibitions and activities.
