

# Welcome to Madrid

**Discovering Madrid on a private tour, in a luxury, vintage-design ecological car, is possible thanks to this company that offers an alternative and fun plan to visit our city.**

Vintage City Tours offers three routes: Historic Madrid (50 minutes); Historic + Modern Madrid (1 hour and 40 minutes); and Premium Historic + Modern Madrid, (2 hours and 40 minutes), taking you past some of the most interesting tourist spots, such as Habsburg Madrid, Bourbon Madrid or the Literary Quarter.

The tours are with a bilingual Spanish-English driver and audio-guides are also available in both languages. The cars have a maximum capacity of four passengers, who will be picked up at the pre-established points or in some hotels, depending on the chosen tour.
