

A modern hotel lobby with a long grey sofa, a large potted plant, and a checkered floor. The space is characterized by a series of arched doorways and a large, multi-tiered pendant light fixture. The walls are a mix of dark wood and light-colored panels, and the floor is made of light-colored tiles. The overall atmosphere is warm and sophisticated.

The hotel is strategically located on the Paseo de la Castellana, near the Palacio de Congresos de Madrid and very close to the Santiago Bernabéu Stadium.

The new The Westin Madrid Cuzco has 287 rooms, including 44 suites, some of them with an innovative format and practically unique within the hotel segment. It also has 6 executive meeting rooms equipped with the latest technology. Thanks to the hotel's strategic location in the financial hub of Madrid and its recent renovation, we have raised the standard of the premium segment, both for those who come for professional reasons and for those who want to enjoy the leisure offer of the capital.

At The Westin Hotels & Resorts, we are committed to providing our guests with a unique and wellness experience. To do this, we have exclusive programs designed to optimize your stay. Among them, we highlight our renowned Heavenly® Bed, exclusive to Westin hotels, as well as new services designed to make your experience at our hotel truly unique.

A photograph of a hotel room interior. In the foreground, a round glass table and two chairs with a herringbone pattern are visible. The room opens up to a balcony with a wooden railing, from which a panoramic view of a city is visible. The city features a mix of colorful residential buildings, including a prominent yellow one on the left and several taller grey and red brick buildings. The sky is bright blue with scattered white clouds. A dark green rectangular box with a thin white border is centered over the middle of the image, containing the word "Rooms" in a white serif font.
